

# COZUMEL, MEXICO

29-April/3-May, 2010

## The Resort

Hotel Cozumel & Resort is a modern hotel with Mediterranean-style architecture. It features a profusion of beautiful gardens on the paths to the rooms that help create a gorgeous tropical watercolor. It has the largest swimming pool on Cozumel Island and a new private beach club. The all-inclusive resort includes a kids club, fitness center, bar and restaurant. Hotel Cozumel is a 4 star resort sitting on the edge of the clear blue water of the Caribbean Sea.

## The Diving

Cozumel has some of the clearest blue water in the Caribbean with Marine life abundant in the warm waters. Cozumel has a unique appeal with drift diving among a three reef system with depths as shallow as 25 feet and graduating to depths of over 90 feet with the magnificent wall drop-off. Our itinerary will consist of 2 days of two tank boat dives, with one morning and one afternoon trip each day (yes, 4 dives per day!) with Dive with Martin, one of the best operators on the island, and a special trip for a two tank Cenote Cavern Dive on the mainland. The word "Cenote" is pronounced, say-no-tay and is derived from the Mayan word, "Dzonot" which means sacred well. A combination of various geological events and climate changes created an incredible and unique ecosystem in Mexico's Yucatan Peninsula. These caves and underground rivers were created naturally over 6,500 years ago. Over the past 20 years, experienced scuba divers have explored these caves discovering more than 300 miles of interconnected passageways and caves that make up this amazing one of a kind ecosystem. Maximum depth is 50' with the dives lead by an experienced guide. No current, fresh water and excellent visibility make this a truly unforgettable experience.
