

**COURSE NAME** TriMix Gas Blender

**CERTIFICATION AGENCY** PADI  
TDI\*  
IANTD\*

**PROGRAM** #LSS.200  
**COURSE FEE** \$75.00

**MINIMUM AGE** 18

Building upon the Enriched Air Nitrox Gas Blender Course, the next step is taken in the TriMix Gas Blender Course where you will develop and master the skills and knowledge needed to produce custom gas mixes for technical diving that include helium. This course includes a review of academic subjects such as formulas, gas analysis, blending equipment, blending systems, oxygen handling, and the principles of helium.

The Trimix Gas Blender course is designed to train qualified candidates to become competent in mixed gas blending techniques and equipment preparation for use with oxygen and helium.

**Course Name/Certification Offered**

PADI TriMix Gas Blender  
TDI Advanced Gas Blender\*  
IANTD TriMix Gas Blender\*

**Administrative Forms**

- IVS Model Release
- PADI Liability Release & Assumption of Risk Agreement for Technical Diving

**Library Items Available?**

N / A

**Student Prerequisite(s)**

Nitrox Gas Blender  
Fill Station Operations  
Recreational TriMix

**Required Student Materials**

- PADI Gas Blending Manual

**Class Start Dates**

Consult IVS website for more information.

**Classroom Session [s]**

1 [4 hours]

**Recommended Student Materials**

- Mixed Gas Analyzer

**Confined Water Session**

N / A

**Open Water Dives**

N / A
