

COURSE NAME Visual Cylinder Inspector

CERTIFICATION AGENCY SDI **PROGRAM** #LSS.275 **MINIMUM AGE** 18
 IANTD* **COURSE FEE** \$200

This certification course teaches the basics of conducting the annual visual inspections of solid wall and composite SCUBA and SCBA cylinders. This course is suitable for those new to visual inspection as well as those who have been inspecting without formal training through its wide range of inspection subjects including damage limits, neck cracking, and laws affecting inspectors. Additionally, this course meets the OSHA and DOT requirements for employee HAZMAT training and attendants completing the course are qualified to conduct HAZMAT training for cylinder handlers.

Previously certified Visual Cylinder Inspectors may attend this full course for re-qualification.
