

Course Overview

Public Safety Diver - Dry Suit Ops

Program #PSD.008

PSDA's Full Face Mask specialty course introduces the certified public safety diver to an AGA-type full face mask system. Topics covered include the proper procedures needed to don, operate, and maintain a full face mask system, bailout procedures, gas valve switching, and underwater mask clearing and removal & replacement techniques. Phase II then involves completing a public safety dive using a full face mask. Underwater hardwire communications may be combined in this program at the instructors discretion.
