

## Course Overview

# Night Diver

### Program #RST.014

This course is designed to be an introduction to night diving and to help the student diver develop the skills, knowledge and techniques necessary for safely executing dives after dark.

Join us in this very entertaining course and learn to dive safely and efficiently at night. You'll learn night dive planning, organization, procedures, techniques and potential problems. You'll also learn how to control your buoyancy, navigate and communicate at night. Since many of the plants and animals you'll see are so different, you'll also get an knowledgeable introduction to nocturnal aquatic life. Don't miss the night dive on your next trip to the islands.

Your Adventures In Diving Night Adventure Dive may count towards the Night Diver Specialty course. In addition, completion of the Night Diver Specialty course counts as one of five Specialty courses required for your Master Scuba Diver certification.
