

Course Overview

Boat Diver

Program #RST.005

Some of the greatest diving takes place from boats of all sorts, and this course is designed to be an introduction to boat diving from a variety of platforms.

It will help the student diver develop the skills, knowledge and techniques necessary for safe & comfortable boat diving.

Through the PADI Boat Diver Specialty course, you can learn the techniques and procedures for diving from different types of boats. The more boats you're diving from, the more diving you're doing.

As part of your PADI Boat Diver Specialty course, you'll learn about:

- Boat diving planning, organization, procedures, techniques, problems and hazards
- Proper boat diving etiquette, including equipment storage and conduct
- Common boat terminology
- Specific and local boat diving laws and ordinances
- Overview of emergency and safety equipment needed on private dive boats
