

Course Overview **PADI Open Water +PLUS Program #RCT.003**

Offered exclusively at Indian Valley Scuba, the **PADI Open Water Diver** is the most comprehensive entry level diver training course offered anywhere. Teaming with PADI, the Professional Association of Dive Instructors, the most widely recognized and respected scuba diving education and certification agency in the world, IVS has developed the new gold standard of diver training programs.

Indian Valley Scuba is the northeast's premier diver training center, and one of PADI's top 5-Star Dive Centers worldwide. The goal of our program is to prepare our divers with the knowledge, skills, confidence and experience to truly enjoy the magic of scuba diving in this lifetime sport. Our all-inclusive program goes above and beyond the minimum industry standards, including personal gear for each diver, six open water training dives (50% more than what is required by any training agency), certification fees, and the completion of PADI's Peak Performance Buoyancy and Aware-Coral Reef Conservation specialty certifications, all at no additional cost to the participant.

If you're ready to start exploring the undersea world, there's no better place to learn than Indian Valley Scuba.
