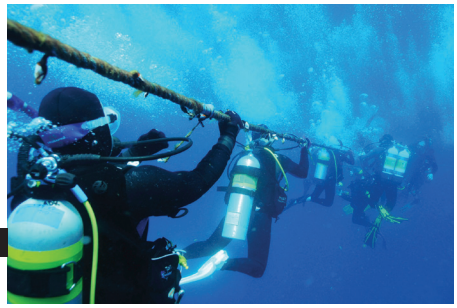
Course Overview

Advanced Open Water +*PLUS!*

Program #RCT.004



Learning to dive is just Step One towards a lifetime of underwater adventures!

Once youôve got the basics out of the way, itôs time to turn our focus ówardô and expand our diving skills, knowledge, and experiences! Indian Valleyôs exclusive PADI Advanced Open Water +Plus! Certification far exceeds the industry's minimum requirement and includes a comprehensive evening of academics in the classroom, covering multiple different aspects of diving beyond Open Water, plus a minimum of six adventure dives. These include the mandatory Deep, Underwater Navigation, and SMB Deployment dives, plus three additional adventure dives of your choosing. In addition to earning your PADI Adventure Diver and Advanced Open Water certifications, youôll also qualify for the PADI SMB Distinctive Specialty, ensuring your proficiency with safely deploying your surface marker from depth as appropriate for drift diving and decompression dives. All of this is included in IVSôs PADI Advanced Open Water +Plus! Program. And yes, thereôs more - your adventure dives also count as the first required dive for each of the specialty certifications associated with that dive, helping you on your way to earning your PADI Master Diver certification, the highest recreational certification in the industry!
